## Section C - Fines and Interest

Note that if you are filing past the due date without prior authorization, a late-filing fine will be applied in addition to any amounts payable indicated above, in accordance with schedule XYZ.

Additionally, any amount that remains owing past the due date will result in both a late-payment fine and interest being applied as well. Refer to schedule ABC for more information on late-payment fines and interest.

Following filing, you will receive a Notice of Assessment indicating the total amount of tax, fines and interest that were due, if applicable, as of the moment of processing your return. In order to avoid accruing further interest, taxpayers must settle any amounts owing without delay.
